

PeopleAlert

Messaging Solutions

for Auto Service Centers

Are Your Guests Wasting Their Time In Your Waiting Line?

Take your Customer Service up a notch and increase your sales by providing your waiting clients the opportunity to shop your store. Your Auto Service Centers can be a springboard for additional sales opportunities with the help of wireless communications from JTECH.

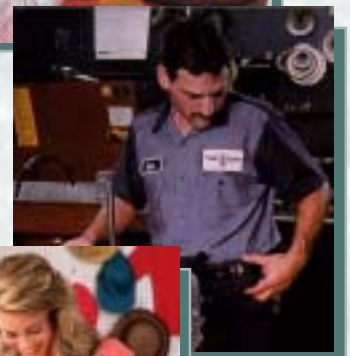

Simply hand your waiting Auto Service Center clients a distinctive PeopleAlert™ Glowster® pager and give them freedom to roam (and shop) the store too! PeopleAlert helps you to deliver superior guest service and eliminate time wasted waiting in the Auto Center, improving guest flow and maximizing store revenue opportunities.

That's the Power of Instant Communication

Now You Can...

- ◆ *Provide superior customer service to your guests*
- ◆ *Eliminate ugly queue lines*
- ◆ *Ease waiting area congestion and chaos*
- ◆ *Maximize store revenues*
- ◆ *Streamline staff-to-staff communications*
- ◆ *Improve Auto Service experience*
- ◆ *Differentiate yourself from the competition*
- ◆ *Leverage an existing area to stimulate new business opportunities*

Let JTECH Be Your Trusted Solutions Partner...
Today And For Years To Come.

Wireless Paging at the
Touch of a Button

PeopleAlert™ Messaging Solutions

The PeopleAlert wireless messaging solution allows you to contact staff quickly, minimizes waiting area chaos and improves the shopping experience for your customers. Immediate, silent, affordable and easy to use, JTECH systems provide the building and area coverage you require, placing efficient, effective communication at your fingertips. That's the power of instant communication.
