Messaging Solutions

Keep Your Staff Informed and Increase Productivity

In order to manage a successful business, you must have the tools that are cost effective, time-efficient and easy to use. Our PeopleAlert™ messaging solutions provide you with the total answer.

JTECH's tailored paging systems alert staff for immediate response to customers. Instant access is an essential strategy to enhance business relationships and maintain customer expectations. Loyalty leads to referrals that lead to more business; this unique responsiveness sets you apart from your competitors.

Attacking and correcting problems instantly reduces costly down time. Silent pagers allow you the flexibility to communicate to others immediately and reduce distracting, inefficient overhead paging.

With PeopleAlert You Can...

- ◆ *Get immediate response to problems*
- ◆ *Deliver fast, detailed information*
- ◆ *Reduce return phone calls*
- ◆ *Avoid placing important clients in voice mail jail*
- ◆ *Remind teams of group meetings*
- ◆ *Give the receptionist immediate access to staff for important phone calls, visitors, deliveries, etc.*
- ◆ *Increase productivity and profits!*
