

# PeopleAlert

Messaging Solutions

## Painless Customer Communication

With JTECH's PeopleAlert™ wireless solution, handing patients a silent pager when they check-in allows them to shop the adjacent store knowing that they will be alerted when it is their turn to be seen. They can even be notified via their cellular phone with our revolutionary Call4Sure™ phone messaging system. PeopleAlert and Call4Sure give you patient access at the touch of a button.

Choose the solution that many healthcare facilities and clinics have put their trust in for years...JTECH.

## PeopleAlert Benefits

- ◆ **Confidentiality.** Protect your patients' right to privacy while ensuring your H.I.P.A.A. compliance
- ◆ **Serenity.** Ease waiting area congestion and reduce noise and chaos of overhead paging
- ◆ **Patient Satisfaction.** Improve patients' waiting experience by allowing them to shop while waiting
- ◆ **Optimize Traffic.** Reduce "walkaways" that perceive congestion as a long wait
- ◆ **Reduce payroll.** Pager "acts" as greeter, reducing personnel needs
- ◆ **Promotional Advertising Space.** Take advantage of any co-operative marketing opportunities with your business partners by allowing them to advertise their products in the promotional display space

*Let JTECH Be Your Trusted Solutions Partner...  
Today And For Years To Come.*

The PeopleAlert Desktop Messaging System is the ideal tool for clinics and healthcare facilities that desire silent, immediate and affordable communications. Simply enter the pager number of the person you wish to locate. Notification is immediate to patients or staff members with a vibration, vibrate/flash or numeric message..
