PeopleAlert Messaging Solutions

The PeopleAlert™ wireless messaging solution allows you to contact staff quickly and improves your guests' experience. Immediate, silent, affordable and easy to use, JTECH systems provide the building and area coverage you require, placing efficient, effective communication at your fingertips.

Product Specifications

- 2 watts of power for complete in-building coverage
- Easy operation and installation
- Operates in FM mode on UHF (450-470 MHz)
- Plugs into standard 110V outlet
- Supports group messaging
- Supports up to 10,000 InstaCall™ (alkaline) vibration and numeric pagers, PeopleAlert Glowster®, GuestPass™ and PeoplePass™ rechargeable pagers
 - Glowster, GuestPass and PeoplePass offer promotional space for your marketing activities

Telephone Interconnect Option

- Allows anyone with a touch-tone (DTMF) telephone direct access to the paging system
- Telephone interconnect requires one analog telephone line for connection

SmartAlert Messaging Solutions

The SmartAlert® system with StaffComm™ push button transmitters streamlines communications with discreet text messages, improving personalized guest service, hotel ambiance and overall operations. These improvements translate into increased revenues and improved profitability.

System Components

- SmartAlert Master Transmitter
- StaffComm 4-Button Transmitters
- StaffComm 1-Button Transmitters
- InstaCall Alphanumeric Pagers
- Optional 900MHz Repeaters

JTECH... the Power of Instant Communication!
