Push Button Messaging

## *"Price Check, Lane 2."*

*Do You Alert the Whole Store or Just the People You Need?*

You spend a great deal to attract shoppers and make the experience a pleasant one. When assistance is needed, it is essential to be able to get messages to the right person at the right time. JTECH's unique StaffComm™ staff paging system places immediate, silent and detailed communication at your fingertips.

With JTECH silent push button transmitters, you can give every cashier or specialty department shopper instant and discreet access to summon key personnel. Part of the SmartAlert® suite of wireless messaging solutions, StaffComm improves customer service by helping you provide more responsive service throughout the store for a minimal investment.

Let JTECH help you manage your on-site communications simply, efficiently and safely.

## *StaffComm is your Solution to...*

- ◆ *Eliminating Annoying Overhead PA Noise*
- ◆ *Directing Staff to Specific Areas Immediately*
- ◆ *Communicating Specific Requests to Individuals and Groups of People*
- ◆ *Improving Customer Service and Satisfaction*
- ◆ *Creating a Pleasant Atmosphere for Shoppers*

*Let JTECH Be Your Trusted Solutions Partner...  
Today And For Years To Come.*
