

Tire Center Paging Systems

JTECHSM
COMMUNICATIONS, INC.

Take your customer service up a notch and increase your sales with JTECH's PeopleAlert™ by providing your waiting customers the opportunity to shop your store. Your Tire Centers can be a springboard for additional sales while differentiating yourself from your competition.

PeopleAlert™

The PeopleAlert wireless messaging solution allows you to contact staff quickly, minimize waiting area chaos and improve the shopping experience for your customers. Immediate, silent, affordable and easy to use, JTECH systems provide the building and area coverage you require, placing efficient, effective communication at your fingertips.

Key features include:

- Scalable power settings for all operational sizes
- Page from any phone with Telephone Interconnect
- Easy operation and installation
- Out-of-range feature captures customers and reduces pager loss
- Supports group paging
- Supports InstaCall™ alphanumeric and numeric pagers, Glowster®, ShopperPass™ and PeoplePass™ rechargeable pagers

Complete Tire Center Systems available for as little as \$1100.00
