

# FCC Regulatory Documentation

## **FCC Licensing Information** *(Applies only to users in the United States)*

JTECH Global Enterprises Inc. paging systems operate on radio frequencies that are regulated by the Federal Communications Commission (FCC). In order to transmit on these frequencies, you are required to have a license issued by the FCC.

Under current FCC policy, you may operate the equipment under HME Wireless' FCC license described below:

Licensee: JTECH Global Enterprises, Inc.

Call Sign: WQKJ800

Area of operation: United States nationwide, including Hawaii and Alaska, and United States Territories

Frequencies (MHz): 457.525, 457.550, 457.575, 457.600, 467.875, 467.900, 467.925

Control point: 1965 Evergreen Blvd., Suite 300, Duluth, GA 30096

If you require a copy of the license, you can contact JTECH Global Enterprises or obtain one from the FCC web site ([www.fcc.gov](http://www.fcc.gov)). You may, however, want to apply for your own FCC license. Whether you use JTECH's FCC license or obtain your own, you are responsible for complying with the FCC rules and requirements applicable to the HME Wireless paging system, particularly those that deal with private land mobile radio services. See 47 CFR Part 90.

Changes or modifications not expressly approved by JTECH Global Enterprises Inc. may void the user's authority granted by the FCC to operate this radio and should not be made. To comply with FCC requirements, transmitter adjustments should be made only by or under the supervision of a person certified as technically qualified to perform transmitter maintenance and repairs in the private land mobile and fixed services as certified by an organization representative of the user of those services. Replacement of any transmitter component (crystal, semiconductor, etc.) not authorized by the FCC equipment authorization for this radio could violate FCC rules.

## **International Licensing Information** *(Applies to users outside the United States)*

JTECH Global Enterprises, Inc. paging and radio systems operate on radio frequencies that are regulated by international treaties. In order to transmit on these frequencies, you are required to have a license issued by the licensing authority in the country of operation. To obtain information on licensing, you should contact the relevant licensing authority in the country in which you are operating.

Note: Use of these products outside the country where it was intended to be distributed is subject to local government regulations and may be prohibited.
