

SureCast Transmitter

The SureCast Desktop Transmitter is a powerful paging solution for larger businesses that need reliable communication and control. With the ability to page up to 9,999 pagers and a 2-mile line-of-sight range, it delivers dependable coverage for high-volume operations.

Additional Features

The SureCast Desktop Transmitter is built for businesses that need reliable, large-scale paging with advanced control and flexibility.

High Capacity

Capable of paging up to 9,999 pagers, ideal for high-volume operations.

Smart Alerts

Includes Out-of-Range and Search Mode to maintain communication and reduce lost pagers.

Wide Compatibility

Works with pagers that support 4-color background displays for clear, customizable messaging.

Flexible Messaging

Built-in preset messages can be easily updated using available software.

User Control

On-site user programming with password protection ensures secure customization.

Quick Messaging

Hotkeys provide instant access to pre-defined alpha messages, while Quick Page functions keep managers and key staff connected.

SureCast Transmitter

SPECS

Model Name	PTX005
Part Number	TXSRC100
Certification	FCC, CE
FCC ID	2AFXL-PTX005
Frequency Range	420 MHz - 470 MHz
Channel Spacing	12.5 KHz
Power Output	Programmable via software - 10 mW; 0.5
Range	2 miles (line of sight)
Baud Rate	512 / 1200 bps
Maximum Deviation	+ - 2.5 KHz
DC Power Input	12 volts DC; 5 Amp
Data Format	POCSAG - Numeric and Alphanumeric
Modulation Type	FSK
Frequency Stability	±10 ppm
Antenna	External Antenna - SMA jack
Software Update	Firmware change – Programming jig is
Case Color	Black
Display	2 Lines LCD screen with backlight
Number of Buttons	20
Connector	USB C - to program preset messages
Dimension	6.1 in (L) X 4.1 in (W) X 1.6 in (H)
Total Weight	1.4 lb. (with power supply)

Works With:

NextUp

IQ/Coaster
